LOG 430/530

VARIETIES OF LOGIC

SPRING 2020
MoWe 1:30-2:45 PM

Study various non-classical logics (like modal and many-valued logics) and their applications in different fields (like math linguistics, and philosophy).

Prerequisite: LOG 201, LOG/MA 335, CSC 226, MA 225, or permission. LOG 530 requires graduate standing.

LOG 430 is a restricted elective for MATH and CSC majors and satisfies GEP Math Sciences.

Instructor
Kevin Richardson
