

WORKSHEET for DOCTORAL PLAN of WORK

Program in Sociology

Note: This is NOT the official plan of work to be submitted to the Graduate School; no signatures are required on this form (although you will probably want to discuss it with your advisor or chair). This is a worksheet designed to help you organize the material to be entered into the Student Information System (SIS) online.

For students who enter the program with a master's degree in sociology or a closely-related field, your Plan of Work should be submitted before the end of your fourth semester. For students who enter without a master's degree in sociology or a closely-related field your Plan of Work should be submitted before the end of your sixth semester. You may not schedule a comprehensive written examination (prelim) until your approved Plan of Work is on file.
